KALAPULA NATION SANCTUARY CHARTER

Official Sovereign Declaration

ESTABLISHMENT OF THE KALAPULA NATION SANCTUARY

Memory • Protection • Return

Proclaimed this 16th Day of June, 2026

By Sovereign Chief Daniel Jacob Read IV

Kalapula Nation Restoration & Cultural Preservation

Corvallis • Willamette Valley • Oregon

PREAMBLE

In the spirit of ancestral remembrance and sovereign restoration, the Kalapula Nation hereby establishes the Kalapula Nation Sanctuary. This living space

reclaims and stewards ancestral homelands in the Willamette Valley for cultural revival, land protection, and the eternal flame of return. It is a place where memory becomes action—where the Kalapuya legacy is honored through active stewardship, not mere symbolism.

This sanctuary embodies the principles of Inward Physics: a coherent scalar field in which remembrance draws forth restoration, agricultural revival, and cultural continuity for the next thousand years and beyond.

MISSION & PURPOSE

• Serve as a dedicated sanctuary for cultural remembrance, language revival, and ceremonial practice.

• Steward land through responsible agricultural revival and ecological protection.

• House and grow the Kalapula Restoration Archive for sovereign documents, history, and living resources.

• Provide a foundational space for nation-building activities, community gatherings, and future development.

• Operate as a model of sovereign Indigenous land stewardship in Oregon.

SOVEREIGN & LEGAL FOUNDATION

The Kalapula Nation is registered as a Domestic Nonprofit Corporation in the State of Oregon. This sanctuary operates under inherent sovereign authority and our ongoing federal processes. It aligns with principles of self-determination and cultural preservation, as detailed in prior declarations archived at Kalapula.org.

LAND CALL & IMMEDIATE ESTABLISHMENT

We issue this urgent call for a leaseable farm or mixed-use property (5+ acres preferred) in the Willamette Valley—Corvallis, Philomath, Monroe, or surrounding areas.

This is not standard agricultural leasing. It is a sovereign restoration partnership for:

• Cultural remembrance and ceremonial practice

• Responsible land stewardship and agricultural revival

• Development of the Kalapula Restoration Archive

• Initial sanctuary infrastructure (yurt-based meeting spaces and more)

Immediate Actions (Beginning Now):

1. Secure the initial land lease or partnership through a sovereign agreement.
2. Initiate on-site remembrance ceremonies and stewardship protocols.
3. Establish foundational archive and gathering infrastructure.
4. Activate partnerships with aligned landowners, stewards, and supporters.
5. Launch elements of the Sanctuary Embassy Program (e.g., yurt-based operations) as capacity allows.

GOVERNANCE

Guided by chiefly oversight, remembrance-first principles, and a growing council of stewards. All operations prioritize sovereignty, coherence, protection of the sacred flame, and benefit to the Nation as a whole.

CALL TO SACRED PARTNERSHIP

Landowners, farmers, and allies throughout the Willamette Valley: We invite your communication to co-create this sanctuary. All offers of lease, partnership, or support will be honored in the permanent national archive.
